

Our Bosch kitchen magic first comes alive at sunrise

As the first glimmer of morning sunlight
Shines through our windows real bright
That feel takes hold and makes our confidence grow
So we emerge incredibly bold

While Coffee aroma fills the air
we enjoy our breakfast without despair
and talk about today's anticipated progress
Then look forward to tomorrow for more success

Our kitchen comes alive at sunrise
A proper breakfast begins our day
Our mother wont' have it any other way
you always listen to what mom has to say

Our kitchen once again comes alive at five
Put on a chefs apron and roll up your sleeves
Let's prepare a meal for all to please
We don't consider cooking with Bosch a chore
You can even call it passion as we yearn to learn more
Seeking to properly prepare many tasty recipes

The kitchen continues to strive at five
Realizing the rewards of our Bosch appliance investment
we boast about the days accomplishments
And then count all the family achievements
We truly relish our daily fest
And are most happy knowing we've done our best
As we sit down for a relaxing rest

Utilizing Bosch in your kitchen you become a magician
You'll enjoy your kitchen generating the most attention
It's an open invitation to watch Bosch in operation
Offering cooking imagination and motivation
To prepare a splendid tasting dinner
Now all the efforts are complete
So dig in and appreciate the feat
